§11-518.

(a) (1) On receiving notice of the time, date, and place of a joint hearing or consolidated hearing, the applicant shall give public notice of the application and hearing.

(2) The notice shall be published once in each of 2 successive weeks before the hearing in a newspaper of general circulation in each county in which the development project is to be located.

(b) The Coordinator shall publish notice of the application and hearing in the Maryland Register.

(c) Each notice under this section shall contain:

(1) a description of the development project, including its location, the land area involved, and the nature of the development project;

(2) a list of the local and State units that will participate in the hearing and their post office addresses and telephone numbers;

(3) a description of each development permit requested;

(4) the time, date, and place of the hearing; and

(5) if the hearing is a joint hearing with a local government or involves a unit of the federal government, any other information that the local government or federal unit requires.

(d) In addition to the notices required by this section, if the law governing the issuance of a development permit requires that a person or governmental unit provide notice of an application or a hearing to a particular person or unit, that person or governmental unit shall do so in the manner required by that law.
